

**Product Specifications**

| Item    | Description                              |
|---------|--|
| 27FT001 | .010" X 0.50" X 100'<br>FOILMAG with PSA |
| 27FT002 | .010" X 1.00" X 100'<br>FOILMAG with PSA |

**Use FOILMAG with these matching magnet products:**

**Standard Flexible Magnet Strip**

Adams magnet strip is magnetized with multiple poles along the length of the face, creating concentrated strength on the face of the magnet.

| Item    | Description                |
|---------|----------------------------|
| 27B0008 | .060" X 0.50" X 100' w/PSA |
| 27B0023 | .060" X 1.00" X 100' w/PSA |

**Neodymium Magnets with Adhesive**

Adams offers two neodymium magnets with adhesive that match to the width of FOILMAG.

| Item     | Description  |
|----------|--|
| 65PW001  | .055" X 0.50" x 1.0" nickel plated and thin film PSA |
| 65PW0010 | .060" X 0.50" nickel plated and thin film PSA        |

**Introducing FOILMAG<sup>™</sup>  
by Adams Magnetic Products**

FOILMAG is a shiny, silver, ferrous metal tape with transparent pressure-sensitive rubber-based adhesive. It attracts magnets, matches up with our 1/2 and 1" wide magnet strip, and is only .010" thick to maintain a low profile.

FOILMAG works great in interchangeable graphics, menu boards, point of purchase displays, package closures, crafts, and more.
