

## MATCHMAG™

MatchMAG's matched pole magnetization allows you to apply magnets face-to-face without worrying about aligning the poles. When used in A / B rolls, you can mix and match the direction of alignment without encountering repelling forces. MatchMAG is the perfect magnetic solution when steel is not part of your project design.

Description	Item #
.060 X 0.50 X 100FT adhesive side A	27B0011
.060 X 0.50 X 100FT adhesive side B	27B0051
.060 X 1.00 X 100FT adhesive side A	27B0111
.060 X 1.00 X 100FT adhesive side B	27B0112

## EDGEMAG™

EdgeMAG is a thin, flexible magnetic strip that holds side to side as well as front and back, eliminating visible seams between graphic panels. When using in A / B rolls, you can mix and match the direction of alignment without encountering repelling forces.

Description	Item #
.060 X 0.50 X 100FT adhesive side A	27S0001
.060 X 0.50 X 100FT adhesive side B	27S0002
